Tp. Committee.

The Indian excitement in southern Kansas this week amounts simply to a terrible scare.

HOW TO DOUBLE THE TRAVEL.

There ought to be good stock and vehicles on the mail route between Dodge City and Wa-Keeney. On this line are the county seats of Hodgeman and Ness, and the whole country is rapidly filling up with settlers. The travel over the route would be doubled with comfortable conveyances. —(Dodge City Cowboy.)

We endorse the Cowboy's suggestion. It is in the direct line of business, so to speak.

STOP SHYSTERING.

There are some curious features in our politics. One of these is that the man who can not carry his own county should be permitted to inflict his presence on a district or a state convention as a candidate for office. All the other counties in a district or state owe it to the political party in each individual county to let it say whether one of its own number shall be regarded as a candidate before the convention of the district or the state.

The World hopes to see this principle recognized at Millbrook on the 27 inst., and requests its observance by the delegation from Trego county, regardless of whom it affects.

PENNY POUNCED

For Obtaining Liquor Under False Pretenses.

Robert Penny is a darkey. He lives at Ellis. Sheriff Baker arrested him last Wednesday for having purchased liquor at Dr. Scott's drug store, in Wa-Keeney, under false pretenses. That is to say, ostensibly Penny purchased the liquor for himself, and let another person have it.

Penny was arraigned in Justice Groff's court. He pleaded guilty. His punishment was \$100 fine, the payment of costs of suit, and thirty days in jail. In the case of good behavior, he will not be taken to jail. Of his fine, he has paid \$40. County Attorney Nelson, who conducted the prosecution, will, in the case of Penny's good behavior, ask the county commissioners to remit the rest of the fine and the costs.

Penny probably has been taught the lesson that it is likely not to pay to come to Wa-Keeney to buy whiskey under false pretenses.

Base Ball at Buffalo.

On Friday of last week the Wa-Keeney base-ball club went up to Buffalo Park to play with the club at that place. They played. The Buffalo boys scored 20 to the Wa-Keeney boys 15.

On Saturday of last week the Russell club were at Buffalo Park to get in their work on the Buffalo club. They got it in. Buffalo boys, 33; Russell, 10.

—Weren't Monday and Tuesday hot, though?

—Ned Ferris is at Clay Center, in a drug store.

—Hon. S. J. Osborn has been at Ness City several days, on business.

—Mrs. Dr. Scott and the children are spending the summer at Rock Island, Ill.

—Mr. Walter Brown and family, of Kansas City, are stopping at the Oakes House.

—Mr. Lawrence reports Mrs. Lawrence improving greatly since she has gone to Denver.

—Yesterday was rainy, foggy, drizzly, dark and cool, with a light wind from the northeast.

—Mr. Ogram, of Graham county, we neglected to state early enough, sold his cattle—about 70 head—to the Webster Bros., of this county.

—C. A. Brown, of Hoosac, N. Y., was in this county for a week preceding Thursday morning, looking after land suitable for a stock ranch.

—Bruce Sanders, of Grinnell, was down, Tuesday, on land business. He intimates, in effect, that what he is not making is hardly worth fooling with.

—The county commissioners were in regular quarterly session on Monday and Tuesday. The full report of their proceedings will be published next week.

—It is settled that, for a while, at least the meetings of Captain Trego Post, G. A. R., will be held the first and third Tuesday evenings of each month, beginning at 8 o'clock.

—Heavy rains which were not embraced in our report of last week were of actual occurrence. See weather report for June 30. It also rained heavily Thursday night of this week.

—We were very much pleased to receive a call, Wednesday afternoon, from Mr. A. W. Armstrong, of Grinnell. He is the junior member of the firm of Armstrong Bros., of that town.

—G. H. Smith, the rollicking Ness City land attorney, was in town on Monday, and transacted mints of business at the land office. G. H. is an old timer and rustler, and a supporter of home institutions.

—Our friend, L. A. Braunig, who lives five miles west of town, is prospering finely. His wheat, he thinks, will yield fifteen bushels to the acre this season. His rye is a good yield, and he has erected a windmill.

—Squire Martin, of Grainfield, was a welcome caller last Monday. He and C. M. Burr have dissolved their mercantile partnership, and the 'squire will start a store of his own at Grainfield in the course of a few weeks.

—John F. Webb, who is filling Mr. Patterson's place temporarily as night operator at Wa-Keeney station, is a pleasant gentleman. He is a relative of Dr. Buck, of the state reform school, and also of the Teteres, who live in Wallace county.

—During the storm on the Fourth, lightning struck Postmaster Bell's stone barn on his farm north of town, damaging it \$50.00 or more. The shock shook up Mr. Campbell's family, who are living in the house, a few rods from the barn. —(Ellis Headlight, 7.)

—County Treasurer Kelly made a trip to and from the state capital on Thursday and Friday of last week to make settlement with the state treasurer. He took nearly \$13,000 with him, the biggest amount ever taken there on one trip by the treasurer of one of these western counties.

—Misses M. L. Chamberlin and Della Sloan, from Topeka, are visiting at Commissioner Purinton's, in the Banner neighborhood. Both of them are printers, the former being employed in the state printing house in Topeka, and the latter in the office of the Kansas Methodist, in the same city.

—A subscriber to the WORLD last Monday was Hon. M. R. Schaffer, of Orefield, Pa. He is a cousin of 'Squire Martin, of Grainfield, and he had been up there on a visit. He expressed himself as well pleased with the appearance of western Kansas. He started home from here on Monday.

—Captain Ben F. Wood, of Belleville, Kan., was in town yesterday, and gave us a pleasant call. He is traveling agent for Jones' water-packing pump cylinders, which, he claims, make the pumping of water easy from any well, however deep. We were somewhat startled by the statement of Mr. Wood that, in Rush county, he had put his pump cylinders into several wells, the shallowest of which was 226 feet.

July 4.

Beyond the exceedingly-early discharge of a few powder magazines of some sort to the writer unknown, Wa-Keeney did not celebrate.

PERSONALS.

Captain Hanna went to Salina.

Mr. Hogan visited Ellsworth town.

The two sons of Captain Carson saw scenes in Ellis town.

S. J. Osborn and family went to H. O. Dodge's, in the south part of Graham county.

Gone Higher.

A. E. Sigler had taken one piece of school land by settlement. Under a recent ruling of State Superintendent Lawhead, he had no legal right to take another in this manner. A test case was agreed to between the state superintendent and Probate Judge Conger. Mr. Sigler's case was considered last Monday. Superintendent Lawhead was present. Judge Conger decided, in effect, that there is nothing in the law to prevent Mr. Sigler from taking as many school quarters by settlement as he may desire. The superintendent appealed.

We have not been able to learn whether the attorney general will take the appeal case before the supreme court. If it is to be taken through the district court, the final decision of this important case will hang fire for five or six months yet, at least.

Base Ball Score.

On Thursday the Collyer base ball club came down to town to play the Wa-Keeney club. The play went on. Here are the scores:

Every family should have a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy for use during the summer. Its prompt use has saved untold suffering, many lives and many doctor bills. It is the acknowledged standard, and can be depended upon, besides it is pleasant to take. It is put up in 25 cent, 50 cent and one dollar bottles.

In writing of that country, Mr. O. S. McClain, a prominent real estate dealer, 301 Fifteenth street, Denver, Colorado, says: "I removed here from Iowa in 1874. As a healthy country, Colorado has proved to be equal to my most sanguine expectations. The air is clear, pure and light. The water here in Denver is obtained from artesian wells, 600 feet deep, which are numerous in the city, and free from alkali, mineral taint and vegetable matter; but in many places the water is impregnated with alkali, and persons not accustomed to it are almost certain to be taken with cramping pains in the stomach, diarrhea or bowel complaint of some form; and right here I wish to give my friends and the public a bit of advice, which is based on eleven years' experience. Chamberlain's Colic, Cholera, and Diarrhea Remedy is a certain cure for alkali poisoning, cramping pains and diarrhea. It is a remedy I would not do without for any consideration, and I have heard many such expressions from persons who have tried it."
